

Ink Harbor Tattoo Studio

Sample Tattoo Aftercare Guide

First Day

Keep the bandage or protective covering on for the amount of time recommended by your artist. Wash your hands before touching the tattoo.

Cleaning

Gently wash the tattoo with mild soap and clean water. Pat dry with a clean towel. Do not scrub.

Moisturizing

Apply a thin layer of recommended fragrance-free moisturizer. Do not over-apply product.

Avoid While Healing

Avoid soaking, swimming, direct sun, picking, scratching, or tight clothing over the tattoo while it heals.

When to Contact the Studio

Contact the studio if you have questions about healing or if anything feels unusual. For medical concerns, contact a medical professional.
